Coaches Report

There were 10-20 kids who participated in the Darke County meet this past weekend, several voiced their concerns over the operations of this meet.

This weekend's meet at Miami-there is no one swimming on Friday, the time line and warm-up scheduled should have been e-mailed to you by Chad; it is also posted on the website. Make sure to view the revised warm-up times.

If you would like to enter your child's picture with a caption for the video display board at Miami please follow the link on the Stingrays website for the Southwest Cluster Leaguer, go to calendar of events and you can pull up the info with the e-mail of the person to submit the picture to (the cost is 10\$ due the day of the meet). If you need no additional info the e-mail address is claudiam@one.net to send your picture.

Angie stated that the Y can put PR information in the paper for the swim team, they put information in every Tuesday, and as well they can have a photographer come to meets as requested.

Other news

The January 24th meet is at Miami County-time to be determined

Will volunteer

Banquet sometime in April

Need volunteers to organize what all they want the banquet to have, usually the spot caters. Last year there was a slideshow put together

Naomi will call Ernst about bags; will get the new swimmers bags and towels for the banquet

There will be a few volunteers working on strategies to insure all families are committing volunteer's hours to help the team next year.
